THE TRUTH

Vol. 4 No. 7 NEWSLETTER OCTOBER 1982

IRENE HAMLEN STEPHENSON P.O. BOX 892-TRU CHATSWORTH, CA. 91311-0892 (213) 347-6949

BIORHYTHM CHARACTER ANALYSIS & COMPATIBILITY is used in this newsletter. The newspapers say what happened, THE TRUTH tells why. Each day has its own set of biorhythm numbers. They tell our true character just as astrology does. This is much simpler. To do a chart that shows the ups, downs & critical days, another set of numbers would need to be added to the personal numbers.

TRAGEDY

"Dear Irene,

" June 19th a friend of mine... was shot by an enraged husband. They had been married 3 months or so.

" Two or three weeks after this happened I got their birth dates and sent them to you.

" You were extremely accurate on these two people.

" Its a classical example of how sending birthdates to you could avoid heartbreak, even death.

"I thought you might be interested in this, thats why I sent you copies of this tragedy.

Sincerely

T.H.S Las Vegas NV

"P.S. She knows about you now, if she ever meets somebody else you may hear from her."

This couple were only 7% emotionally compatible. This means they could not give the other their kind of love. They had a good physical (65%) & mental compatibility (100%).

The wife had left him & he went after her "apparently to attempt a reconciliation."

The wife had been shot 3 times by her husband. The husband was shot & killed by the police. The newspaper article said "he was unreasonably jealous of her & threatened her many times..."

Here are a few things I had put in their reading. "There would be unwarranted jealousies because neither can tell if the other is glancing or flirting."

"Male needs to get his emotions out in a loving caring way but he could not do that in this relationship because the love is only 7%. Male could have some real outbursts of temper in this relationship and could even be mean." (The person who sent me the above letter underlined this.)

More from the compatibility: "...you would try to outwit one another to get your own way...You can hang onto things that are not good for you rather than have to admit you had an error in judgement. You need to give yourselves permission to let go when you see something is not working out. If you hear yourselves saying something like "I'm going to make this work if it kills me," that is your clue to let go."

This is the drama of life carried to extreme.

The dead husband never got to see this compatibility. It was written 3 weeks after his death. If he had seen it it might have softened his hurt. See how important it is to know who you are marrying? Before you marry have your own compatibility done. See order form page 3.

PSYCHIC HEALER

Tony Agpaoa, psychic surgeon of the Philippines born 6-2-39.
Confidence 2 (83%)
Emotional 18 (29%)
Mental 12 (27%)

"Dr Tony" would "operate" on people to get rid of their diseased organs. There would be no incisions but he would supposedly pull out the dis-eased organs. Agpaoa would not let anyone have the organs so they could be tested to see if they were human or animal parts.

"Dr Tony" needed more attention than the average & would do anything to get it (#18 emotional). A lot of "real" doctors are in his emotional range. He was charming, outgoing & a born actor. He lived in a fantasy world. There would have been only a grain of truth in what he said. Always get 2 or 3 opinions when going to any doctor.

"Dr. Tony" had a lot of confidence (83%) to get involved with his show business.

Tony was good at the details of something (27% mental). Being a born actor & good at details, he would have been able to perform the slight of hand needed in his "operations." He was a martyr & attracted to the unusual & to trouble. He loved to do things to shock and would have gotten involved with the authorities some time in his life. People who need power would have tried to control him.

The combination of the high confidence (83%) & the martyr mental (27%) meant he was not afraid to rush into trouble. He would have been quite fearless.

"Dr Tony" became known all over the world. He is said to have healed many patients. Our minds are capable of giving us dis-ease (not at ease) & also capable of taking it away. Some need a catalyst like Agpaoa to help themselves get well. If they believed hard enough & really wanted to get well they could do it. When we do not want to face certain things in our lives, we might get a "disease" to focus on instead.

Agpaoa got ill 2 or 3 years before he died at age 42. He went to a conventional doctor. No cause was given for his death. He had a mental critical the day he died.

LIBRA ASTROLOGY READING

October 1982 - Libra, you've been learning about yourself for the past several years. But your period of introversion is ending in November. If you've spent your time in constructively discovering who you really are (as opposed to who everyone says you should be), then this difficult period has been worthwhile.

Courtesy of K.S. Puyear, a third-generation Astrologer, may be contacted via a self addressed stamped envelope (SASE) to P.O. Box 55214-TRU Indpls, IN 46205.

ADVERTISING RATES TOO HIGH?

At least 500 of your flyers can be mailed with THE TRUTH newsletter for 3½¢ each ($17.50)

My printers will run 500 of your flyers for $17 (one side). Save you from having to send them thru the mails.

That would be $17 plus $17.50 ($34.50).

I reserve the right to accept or reject any advertising.

AIRPLANE CRASH

A small aircraft crashed and killed all aboard. There were 4 adults and a number of children.

Each person has 3 biorhythms That means there were 12 among the adults. There were 5 criticals, 5 low & 2 high rhythms. They were flying to a days outing but got rained out. Could this concentration of negativity (5 criticals, 5 low rhythms) pull down a plane?

NUMEROLOGY - FIRST VOWEL

The vowels have to do with the soul of a person. The first one is the key to the inner nature of a personality. The first vowel has an affect on the total personality.

A...A great deal of fixed power & vigor is produced. Names depict fire, feeling, enthusiasm, & strong will. A progressive attitude, one of a pioneering spirit always wishing to forge ahead & one that always wants to be the first with innovative ideas is indicated.

First impressions of the A are that of ambition, authority, activity, independence, & power. This shows a liking to run the show. You exude great faith in your own direction. It is a mental & physical vibration.

Negative aspects may cause you to be too domineering, opinionated, & too much the loner

due to false pride. Be tolerant of others even if you don't agree with them & remain the strong individual that you are.

THE BIBLE

We all will interpret the bible in different ways. The bible was written by a number of men. Each man had his own mentality so therefore "saw" things his way. When one reads the bible they will interpret each book of the bible according to how their mentality "sees" what the author wrote.

The bible is a 2000 year old language, therefore it is a foreign language to all. It is not possible for anyone to interpret each book correctly even if one were mentally compatible with the man who wrote that book.

ON HUMANITARIANS

Student of biorhythm character analysis, I.P.,of Berkeley CA observing humanitarians (#7 thru13 emotional): "Now you see them, now you don't! They are here, & when I would like to ask a question, they are gone!!"

Humanitarians are the do-gooders. They are known for "helping" even when others do not want their help. Maybe they would rather "help" when they are not asked.

The first person to come to mind is Rev. Jerry Falwell (#11 emotional). He wants to "help" unborn babies. There is Ralph Nader (#7 emotional). He wants to "help"consumers. There was Adolf Hitler (#10 emotional). He wanted to "help" put the Arian race on top.

All 3 of these men have tunnel vision & can not see how much damage they are doing while they are "helping."

REINCARNATION - SUICIDE

"A suicide in my last life to avoid prosecution for a murder that was really a suicide in a love triangle." T.C., Celina Ohio

Tom born 7-9-34 in this life:

Confidence 20 (74%)
Emotional 15 (7%)
Mental 19 (15%)

My research into suicides shows they are people who do not have anyone they are emotionally compatible with in their lives. They are starving to death from the lack of love.

There is a type of person who would be more likely to do it. Tom has that personality in this life. He has a lot of confidence (74%). He is not afraid to do things he wants. He is a martyr & is attracted to self destructive things (15% mental). He can rush in where angels fear to tread.

He might "attempt" suicide when he is not getting enough attention or is depressed. In this life his love of self (#15 emotional) could preserve him. He is controlled by his ego & would not want to die now, only gain attention.

Order your own character analysis. See order form this page.

MACHO - A KILLER

Bruce Lee was the epitome of macho. Born 11-27-40
Confidence & physical 10 (13%)
Emotional 6 (57%)
Mental 29 (76%)

Lee needed to be in control (76% mental). As a child he would have been shy (13% confidence). He lacked confidence but could not let others see that. He might have been picked on as a child. By learning Kung Fu he could be in control.

Lee might have picked on those who were weaker than himself. He was a natural bully (high mental & low physical percentage). Lee had such a need to have people think he was a real man that he carried it to excess. He did more than he had the stamina for and it killed him.

Acting macho is a killer. It keeps men from seeking help, from resting when needed, from crying or being soft. Most women are not impressed with a macho man.

ALCOHOLIC WOMEN - Women tend to stand by their alcoholic husbands but the husbands do not tend to stand by their alcoholic wives. There is such a stigma on women alcoholics. They tend to deny they are alcoholic & may even refuse to seek treatment.

	PERSONAL BIORHYTHM NUMBERS		
	Physical	Emotional	Mental
Mary 12-18-24	14 (22%)	5 (64%)	11 (33%)
Jack 11-10-17	10 (13%)	24 (71%)	32 (94%)
Compatibility	4 (65%)	19 (36%)	21 (27%)

Both Mary & Jack are alcoholics but Mary drinks during working hours. Jack told her he was going to leave her if she did not straighten up. This is what a spouse should do to an alcoholic. It made Mary go to a rehibilitation program in a hospital. She spend several weeks in the hospital. Just as she was prepared to come home, her husband told her he was thru with the marriage. The first thing she did when she came home was to start drinking again.

The only good thing Mary & Jack have together is a physical attraction (65%). The love is not there (36% emotionally compatible). They were playing the game of martyr (Mary - 33% mental) and dominating male (Jack - 94% mental). Martyrs tend to get involved with those who will dominate them. They are attracted to trouble & the policeman type (which Jack is) & alcohol will bring that trouble.

Home and her immediate family are very important to natural parents which Mary is (#5 emotional). They will do anything to hold the family together even if they are not happy.

Jack needed to get his emotions out in a loving way (#24 emotional) but he could not in this marriage (36% emo.comp.)

This marriage was very unhealthy from the beginning & was doomed but martyrs tend to not want to look at the trouble they are causing themselves.

Mary said the doctor who examined her in the hospital was contemptuous of her because her liver was so enlarged. This made Mary feel more ashamed. Because of his actions, what the others tried to do for her in the hospital did not help because she kept dwelling on how he looked at her in disgust. They tried to get her to feel good about herself but she kept thinking of that doctor.

4

Mary was so devastated that she only drank & did not eat after she came out of the hospital. She died a few months later.

SCHOOL BOOKS

The mental percentage is not the intelligence. It is the logic & how one hears things. The low mental percentage people (LMPP) are good at seeing the details of something. They do best using outlines rather than a lot of words.

The high mental percentage people (HMPP) are good at seeing the overall picture. They need to control others. The school books are written for this kind of mental. By using a lot of words they are controlling. The LMPP do not want to be controlled.

Sometimes the low mental percentage students are considered slow in school. The "lot of words" school books are like a foreign language to them. This student has to translate all those words into their outline type language. This slows them down a bit but it does not make them dumb.

To keep the LMPP from dropping out of school as soon as they can they need to have books written in their outline form language. There would be less trouble in the classrooms.
